**THE SACREY FAMILY**

Ross and Betty

---

**The Sacrey's have been involved with the ministry to internationals since 2000. Along with a team of dedicated lay people many immigrants, students and refugees have found a helping hand, a listening ear and often a church home through this Bethesda centred ministry. The Sacrey's are also responsible to encourage this ministry in other city assemblies. A significant ministry to internationals in presently developing in Elim Tabernacle.**

**Pray for the Sacrey's for wisdom in a ministry that can be overwhelming due to the personal attention and help many of these new, often traumatized and culture shocked arrivals to our province need and deserve.**
