

## **WORLD MISSIONS OFFERAMA 2009**

**PROJECTS \$30,000.00**

### **Tegucigalpa, Honduras**

Missionaries Judy and Randy Lundrigan were both born and raised in St. John's, Newfoundland. They have been working in Central America since January 2006 with Manos Extendidas (Hands Extended) and are now Pentecostal Assemblies of Canada missionaries. Their program involves pre-school and school age children and provides food, clothing, spiritual and academic training, school supplies, tuition, uniforms, medical and dental care. Many of those children have no meals, sanitation, clean water, medical care, hope, or anyone to show them the love of Jesus Christ and teach them the gospel without this program.

Randy and Judy work with children whose dreams were to be vigilantes, so they could carry a gun, garbage collectors so they could ride the big trucks, maids so they could clean someone's house and have free room and board, or vendors, selling whatever they could in the dusty, dangerous open markets. The ministry of Randy and Judy has given them new dreams, dreams of becoming doctors, lawyers, teachers and Pastors.

Judy and Randy are also involved in developing training materials, hosting parent information sessions on health and hygiene, assisting with Saturday VBS, participating in organizing, planning and effecting evangelistic outreach, conference, and leadership seminars.

**GOD HAS A PLAN FOR EVERY CHILD IN HONDURAS**

**(Sunday, May 10, 2009)**
