**THE HAMEL FAMILY**  
David and Sandra

David and Sandra Hamel moved to this interior Labrador community of 600 in September 2004. Being a “company” town a church building is provided for the use of all denominations and clergy housing is highly subsidized. The small group of resident believers are committed to the support of the Hamels ministry, and are conducting a successful children and youth ministry. The Hamel’s have numerous opportunities to interact with the residents through community events.

Pray that the Hamels will be able to lead this assembly into effective ministry and outreach in this prosperous but isolated community.
