THE GILES FAMILY

Craig, Isaiah, Sheila and Adriel

Harbour Breton at the southern end of the Bay D'Espoir highway is the largest community in this area of the south coast. It serves as the commercial centre for the area.

The Giles moved into ministry in this assembly, which began in 1970, in 2009. Craig previously pastored in Nipper's Harbour.

Regular Sunday attendance is around 10 but many people attend special ministry events. A very successful children's ministry, senior's and hospital services, and a Good Will ministry are on going.

Pray that the vision of the Giles for wider ministry to the south coast will find fulfilment and that this assembly may grow to become a beachhead for the area.
