The Budgells moved to their first pastorate in Hopedale, Labrador, 224 air kilometres north of Goose Bay, in August 2008. Hopedale has approximately 600 people of mixed Inuit and settler ancestry.

The Pentecostal Assemblies of Newfoundland and Labrador also supports the local school breakfast program there.

The Budgells have both had been to Hopedale before on Outreach teams from their home assembly of Springdale and already knew many people especially children and youth.

Pray that they will have the love and wisdom to get beyond the cultural and social barriers, and that the gospel may be accepted as a positive alternative for the people.
