THE RANDELLS
Marion and Roy

Placentia, centres a number of communities on the Placentia Bay portion of the Avalon Peninsula with a combined population of close to 10,000 people. This is the only PAONL assembly south of the Trans Canada Highway on the Avalon Peninsula.

The church meets in a rented property located in a business premises in the centre of town. The usual Sunday service with 20-25 in attendance is vibrant in worship with a high level of lay participation.

Pray for the Randells who began ministry here in 2006, and for the growth of this assembly, both spiritually and numerically, and for direction on property acquisition.
