The Witchers began ministered at Cornerstone in November 2005 as interim pastors. Long term pastor, John Bailey, has been on sick leave since then. This area of the city has unlimited opportunities for ministry with thousands of people having no association with any evangelical church. Presently average Sunday attendance is over 50 and tremendous progress has been made toward self sufficiency.

Cornerstone Assembly meets in a rented former Roman Catholic school on Military Road near the Catholic Basilica. Its ministry opportunities are great, and while having tremendously committed personnel for its Youth, Coffee House and Clothes Room Ministries, its ministry opportunities often outstrip personnel resources. The pastor also carries on regular prison ministry.

Pray for the Witchers and a very committed core group, many of whom are younger professionals who have made this assembly their place of ministry.
