**THE SANSOMES**

Henry and Loretta

---

**The Sansomes moved to Cottrell's Cove in August 2008 from northern Ontario, where they served mainly in evangelistic ministry but also in the pastorate. This community of 200 has seen serious decline. While there are four denominations having buildings in the community the Sansomes are the only resident pastors. This assembly had been a self supporting assembly for many years and from it a number of people has gone into ministry.**

**This assembly with average attendance of over 20 has seen faithful attendance and consistent support from its members.**

**It also have some opportunity to minister in nearby Fortune Harbour.**
