SUBJECT: 2009 Children's Ministries Missions Project

It's hard to believe that another year has gone and we are now into a new year of planning, dreaming, and casting fresh vision. In the midst of all the New Year resolutions that have been made in the past weeks, and I'm sure they are many, let us keep in mind that the greatest resolution we could make, is to continue to do all that we can at home and abroad, to spread the gospel and to reach as many as possible this year.

Over the past year the response towards the "Sandals For Senegal" Project has been outstanding and overwhelming. During 2009 we will be giving all churches another opportunity to be involved in this great mission.

A huge thank you, to all the Pastor's & church boards, who in the past year have promoted and encouraged your congregations to give and minister to the children in Senegal, through our PAONL Children's project "Sandals For Senegal". You and your congregations have made an outstanding impact on the children that have been blessed with sandals because of your sacrificial giving. Only eternity will reveal the extent of the impact you have made.

To Pastor's and congregations who have yet to be a part of this great mission, we take this time to encourage you to allow your congregations to be a part of something that is greater then we can comprehend. Each pair of sandals donated through your churches monetary giving may mean another soul won into the Kingdom. We thank you in advance for your involvement and giving. Our prayer is that the Lord will bless you and your people. We know that there is so much more this little Island can do to change the lives of children, a world away.

Please find enclosed some ideas to help kick-start your missions giving for 2009 towards this project. Thank you again for your heart for children and the desire to make a difference. Your giving is greatly appreciated.
