**Ministry Focus:** Andrew and Nicole, along with their daughter Paige, are excited to be a part of a growing team of Global Workers in Thailand. In August 2016 the family of three arrived in Bangkok to start a new journey of ministry in the Land of Smiles.

Both Andrew and Nicole have an incredible passion for investing in the lives of young leaders, and are thrilled to invest that passion in this new environment. Andrew will work closely with the national leaders and churches in Thailand, serving as ESL Coordinator. His role is to dream with, equip, and serve pastors as they develop and implement strategies to serve and reach their neighbourhoods through English as a second language ministries. From time to time Andrew lends his skills and passions to Impact School of Missions (ISM) serving as Worship Pastor and in other opportunities as they arise. Nicole serves as Internship Coordinator with ISM. In that role she is involved in teaching, mentoring and serving students who are completing internships from all around the globe, equipping them to take a greater role in the mission of God.

**Ministry History:** Andrew and Nicole would describe their journey towards serving in Thailand as an example of "connecting the dots" dating back to Andrew's call to ministry in his early teens. From that point forward, Thailand would become a part of their individual stories, played out by short-term trips taken separately by both Andrew and Nicole. Finally, in 2012, those individual journeys entwined when Andrew and Nicole had the opportunity to co-lead a team of students in serving global workers in the region and ministries in Bangkok. While they never could have imagined what would develop out of those early connections to the country, they now find themselves at the next step, a product of something God began in their hearts long ago.
