Located along the south west coast of the Avalon Peninsula, Placentia is home to approximately 3400 people.

The Family Worship Centre in Placentia is a small congregation with a big heart to see their community changed for Jesus. The areas of ministry include Kids Centre, Women's Ministries with plans to start a Bible Study group. Once a month there is an outreach activity done within the community to help us form relationships within our town. We hold Sunday Morning service at 10:30 and enjoy worship and the word together. We are trusting God for greater things to come.
