Spruce Hills Community Church (SHCC) is a unique faith community strategically located in the heart of Paradise. Paradise is one of Newfoundland and Labradors fastest growing communities and has the youngest median age in all the province.

SHCC strives to be a family-oriented and community-minded church. It's a place where anyone and everyone is welcome to explore who Jesus is. As the church adjusts to life with COVID-19, we are prayerfully discerning ways to be an effective witness in our town.

2020 was a challenging year for so many people and churches. Spruce Hills Community Church was not exempt from that. From March 2020 until early 2021, the church was meeting online only. Having relaunched in-person gatherings, the community and hospitality one experiences when they walk through the doors of this church is so special.

With new leadership arriving in December 2020, this year SHCC will focus on building on its early foundations: being a local church where people grow spiritually, invest in one another relationally, and serve their community.
