**SENEGAL**  
**THE PENNEYS**

---

B. P. 15917 Fann  
Dakar, Senegal

---

Guy and Jane along with their family have been living and working in the capital city of Dakar, Senegal for more than twenty years. Senegal, with a population of more than 16 million people, is one of the 31 French speaking African countries.

The Penney family have been involved in a variety of ministries, from lay leadership, street children ministries, the construction and management of four (4) Christian day schools, Deaf ministries, ChildCare Plus sponsorships and national church partnerships.

The Penneys are also part of the Africa leadership team. In the past number of years, they have been focusing efforts on unreached and least-reached people groups. Their desire is to see the Kingdom of God grow in the hearts and lives of those around them.
