Box 95

Chiang Mai, 50,000 Thailand

---

Since our small beginning in a rented house in May of '96, with God's help and blessing we have graduated to having our own facility on a large property outside the city of Chiang Mai with adequate accommodations and also room for expansion. At *Nikki's Place – Agape Home* we currently care for 100 children ranging in age from a couple months to about 20 years. Most of our older children, teens and pre-teens, live in family homes in the Jarawee Village adjacent to our original property. Practically all the children are enjoying good health and several of the oldest have moved out to live independently while working or continuing with post secondary studies. We are extremely grateful to God for his faithfulness in enabling us to have such an impressive facility as *Nikki's Place – Agape Home*, where many lives are being touched by the love and power of God. Nikki & Tata are studying in Canada while Josh & his wife, Anita, are living and working in Bangkok. Only Caleb is still here in Chiang Mai.
