Gros Morne Community Church (formally Maranatha Pentecostal Church) has been ministering to the Rocky Harbour area for over 30 years. Rocky Harbour (pop. 947) is a growing, vibrant community on the beautiful, scenic Northern Peninsula. The main industry in this area is tourism and also services neighbouring communities inside Gros Morne. These communities include Norris Point, Sally's Cove, St. Paul's, Cow Head, Parson's Pond and Daniel's Harbour. It is also our vision here at GMCC to conduct current ministries in these communities with Rocky Harbour being our host church and other satellite churches planted throughout Gros Morne.

In 2017, GMCC welcomed Pastor Courtney O'Reilly and her family into the Rocky Harbour assembly and is now working alongside Pastor Ryan and his family to continue to grow our ministry presence along the Northern Peninsula.

Please remember to keep this assembly in your prayers, as the ministry opportunities in this area of our province are incredible. From the regular programs that happen at GMCC on a weekly basis to the expansion of a satellite church in Parson's Pond it's clear to see that we've only scratched the surface of the ministry opportunities in the Gros Morne area. Thank you to all of you who have chosen to support us both prayerfully and financially. We cannot wait to see God's plans come to fruition and that cannot be done without your support.
